Ann is CEO of [Graphic Communications Corporation](#), one of metro Atlanta’s top high tech, full service printing companies. Prior to joining the national board, Ann served as a board member for United Way of Metropolitan Atlanta.

“As an owner of a printing business in tough economic times, I understand the urgency to be competitive, invest in people and technology and think boldly about our business. Likewise, during my tenure, I will work with my United Way colleagues to make certain we are both relevant and competitive; we are investing contributed dollars to improve education for children, stabilize income for families and improve health. We must and we will provide the greatest impact possible in every community we serve across America.”
